FREJA eID

Welcome pack
for Relying Parties

Version 1.1

Freja eID Relying Party Welcome email

GENERAL INFORMATION

Welcome email

Welcome to Freja eID! This is a brief guide for developers, whether you are already a Relying Party (RP) or just trying out our service.

One of the first steps in the process is that you will receive a Welcome email from our technical Support Team, which includes account details to our SFTP where you'll find development guides and a PFX with a private key and corresponding client certificate that you will need to connect to the demo/integration environment once you send us the information requested in the **BEFORE_YOU_BEGIN** document.

Please contact us via **partnersupport@frejaeid.com** should you have any questions!

Welcome!

Freja eID Relying Party Logo guide

ASSETS & INFORMATION

Relying party assets

Below are the required assets we need you to supply us with, so that we can complete the Relying Party (RP) onboarding so that your organisation can start using Freja eID. If you have any questions, please contact: **partnersupport@frejaeid.com**

Item	English	Swedish	Description
Relying Party Name			**Max length 20 characters.** Name of RP is shown in Freja eID mobile app as part of login transaction and in My Pages web app in section for managing services and previewing transaction history.
Relying Party URL			**Max length 100 characters.** URL to relying party – shown in My Pages web app. Also might be added to eID Mobile App as part of login transaction details.
Relying Party Description			**Max length 75 characters.** User friendly description of relying party – shown in My Pages web application in section for previewing available services.
Relying Party Logo			**Please deliver your company logotype in vector file format**, preferably in AI (Illustrator) or EPS (Encapsulated PostScript) format.

YOUR LOGOTYPE IN FREJA eID

Logo mockup

Below are examples of how your
company logotype will be used in
the Freja eID application. It will be
visible to all users in My Pages.

Freja eID Button guide

THE SIGN IN BUTTON

Buttons

There are two versions of the "Sign in with Freja eID button", one dark and one light.

Please remember that you need to inform the user if your service requires Freja eID+ for access.

## SYMBOL & LOGOTYPE

Logotype spacing construcion

Please use this logo as much as you can!

The sub-text of the logotype should be aligned to the right. In that case the logotype is moved up from the base axis by a **b** space.

## VERTICAL LOGOTYPE

Vertical logotype spacing construcion

Please use this logo when space is vertically narrow.
