Freja Release notes

Freja Release Notes

These Release Notes describe all the changes made to Freja systems from the previous release. They include:

- Updates to the Freja mobile application from version 11.11 to 11.12 on both Android and iOS.

## Summary

- REGISTRATION FLOW UPDATES

  We have updated the use experience for registering to the basic level of Freja, making it easier for users to understand when they have a basic account.

Registration Flow Updates

We have improved the user experience for registering to the basic level of Freja.

Now it is more apparent that the user has created an account in Freja with their email and PIN.

There is a new screen outlining wha the steps to creating an account are.

The user then proceeds as usual, registering their email and creating a PIN.
At the end of the process, there is another new screen telling them the process has been completed successfully.
