# FREJA RELEASE NOTES

---

These Release Notes describe all the changes made to Freja systems from the previous release. They include:

- Backend updates to facilitate the new Freja QR code login form.

## Summary

- UPDATES TO FREJA LOGIN FORM

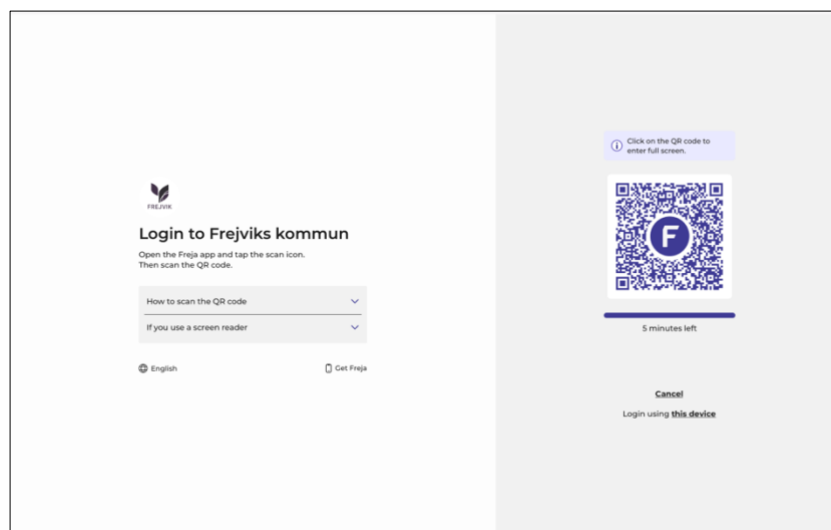

To comply with latest accessibility recommendations, the Freja QR code login form has had its design updated.

# Updates to Freja login form

## Background

Swedish legislation based on the EU Accessibility Directive from 2019 comes into effect on 28 June 2025. Among many other things affected, it also encompasses recommendations regarding proper accessibility for QR code login.

## New Freja QR code login form

With the new design there is a host of accessibility improvements:

- The screen is now fully readable by screen readers
- The screen is completely navigable via keyboard
- The validity period of the QR code has been extended to 5 minutes
- There is a distinct and simple refresh button for the QR code
- It is possible to enter full-screen mode so as to enlarge the QR code

## Further information

While we have updated our own login form to include these recommendations, it is up to each individual partner of Freja to do the same at their leisure.

For a complete overview of the goals and requirements of this regulation, please [check this page](#).

For our documentation regarding the new Freja QR code login form, please [check this page](#).

You can also always check out the [Integration page](#) on our website for general information about integration with Freja.
