---

These Release Notes describe all the changes made to Freja systems from the previous release. They include:

- Updates to the Freja mobile application from version 14.1.0 to 14.1.2 on both Android and iOS.

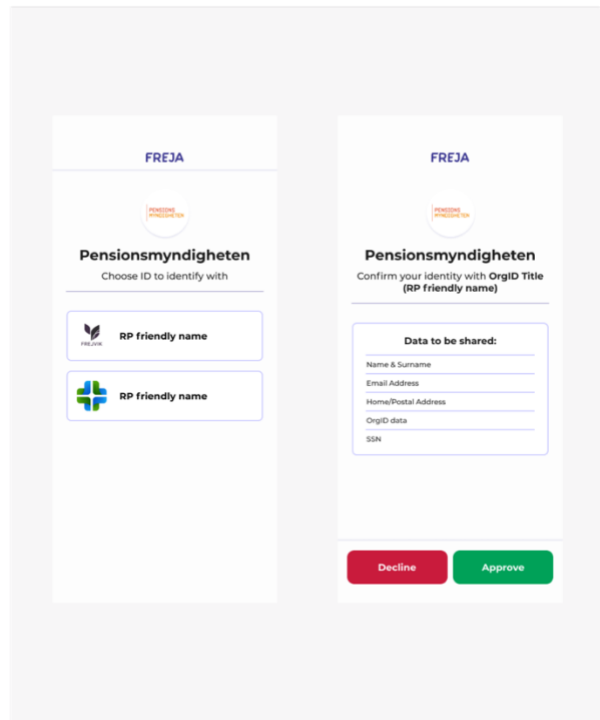

## Summary

- CHOOSE ORGID

It is now possible to select which OrgID is used for identification if an account has more than one.

## Choose OrgID

When accessing a service outside of their own organisation, a user who has more than one OrgID will now be able to choose which one to use in that particular case.

In the example above, the first screen is where the user is presented with the 2 OrgIDs they have in Freja. Once they choose, they proceed to log in with the selected OrgID.
